

Working to keep London children safe

JUNIOR CITIZEN

E-BOOK - Safety Online

Dear Teacher,

The move from primary to secondary school is an important time for every child. Junior Citizen child safety events encourage young people to make the right choices, promoting greater independence and well being in later life.

It is not always possible for schools to attend these events so we have developed this on-line 'virtual safety experience'.

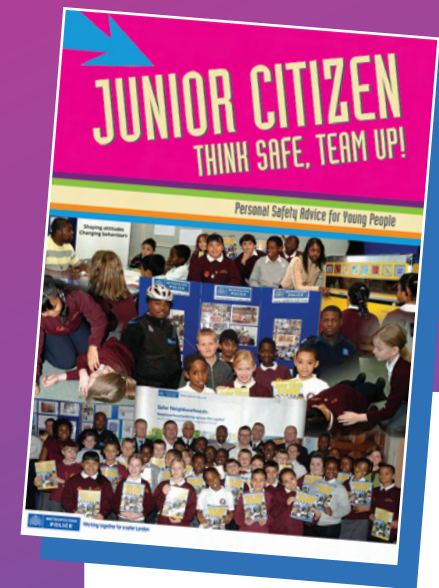

The Junior Citizen E-Book allows young people to encounter real-life scenarios at the push of a button on a platform that they interact with on a daily basis. It is easily accessible, engaging and helps promote effective learning within the classroom.

As a qualifying school you are automatically entitled to access this resource for an academic year.
